

ALKANOS S.A.

Quality Policy

“Sell and manufacture chemical products for the industries of polyurethane, paints, resins, food products, pharmaceutical products, veterinary products, shoes, automobile, among others; that satisfy the needs and expectations of our clients”

In order to achieve this, we are committed to:

- Implement a Quality Assurance System, in line with the ISO 9001 standards and a continuous improvement approach.
- Fulfill our clients' requests to constantly increase their satisfaction, as well as comply with all the legal and procedural requirements, including those of all relevant stakeholders involved.
- Set quality targets in line with this Policy and implement them in the different areas of the company.
- Provide all the means and necessary resources for the effective compliance of these duties.
- Train and constantly support our staff, in line with the identified needs to improve our internal activities, since Quality Assurance is a shared responsibility.
- Note: in order to expand the scope of our Quality Assurance System, Alkanos S.A. adhered to the program “Cuidado Responsable del Medio Ambiente” of the Argentinian Chemical and Petrochemical Chamber.

Burzaco, Buenos Aires, Argentina, June 2017.

The Quality Policy is continuously communicated to all the staff to ensure its compliance and understanding. It is also regularly revised to incorporate relevant updates.
